UNI AFS Student Chapter
For our September meeting, Brian Lewis (Executive Director) gave a presentation on the Foundry Educational Foundation (FEF). For this presentation, Brian gave an overview of what FEF does for the foundry industry and their involvement in supporting future metal casting leaders.

**Announcements**

None at this time.

**A friendly reminder:**

When you RSVP to a Hawkeye Chapter event, we add your name to an ongoing list. At the end of the RSVP period, we give that list to the event center, and that is how they plan the amount of food to buy. There is a percentage of extra food that is added as a safety stock so we do not run out. The AFS Hawkeye Chapter has to pay for the number of guests that we RSVP for whether or not you actually show up. We do take into account uncontrollable circumstances such as illnesses and we plan accordingly. So please make sure that when you RSVP, you make every attempt possible to show up to the event or you let us know as soon as possible.

Thank you,
2016-2017 Hawkeye Chapter Board
We would like to thank all our sponsors for participating in the advertising below. The money from this advertising contributes directly to The AFS Hawkeye Chapter scholarship fund managed through The Foundry Education Foundation. If you would still like to contribute, please contact Anne Shepherd at ashepherd@idexcorp.com. Thank you.
