Presentation #1 - “Channel Induction Refractory Installation” – Johnny Hill
Currently, Johnny is a Manufacturing Manager for Martin Sprocket and Gear, Inc. He is responsible for all foundry production operations, which include green sand and no-bake molding, and channel and coreless induction melting at Martin Foundry located in Dallas, TX. In addition, he is responsible for all machining operations at Martin Sprocket and Gear’s Fort Worth Power Transmission machine shop.

Prior to Martin Foundry, he held positions of Foundry Engineer and Foundry Superintendent at TB Wood’s Inc. in Chambersburg, PA. He holds a Bachelor of Science in Industrial & Manufacturing Technology from Texas State University.

He is an AFS Texas Chapter Board Member, the Texas Cast Metals Association Secretary/Treasurer, an FEF Director, and Chair of the Texas State University Metal Casting Industrial Advisory Committee.

Presentation #2 – “The AFS 8C Committee and its Benefits” – Jerry Holcombe
Jerry worked for 15 years at ACIPCO, all in the Melting department. He then worked for 25 years at Citation Corporation in the roles of Melting Superintendent, Foundry Superintendent, and also as the Operations Manager. For the last 9 years Jerry has work at Reno Refractories as the General Manager of the Induction Melting Division.
In Case You Missed It...

39th Annual Golf Outing at Irv Warren Memorial

On Saturday July 15th 2017, over 80 AFS members, guests, and family members gathered participated in our Annual Golf Outing at Irv Warren Memorial Golf Course in Waterloo. The event was a huge success as the Hawkeye Chapter was able to raise enough money to make a deposit of $2,000 into our scholarship fund. The UNI Student Chapter was also able to raise $1,600 of their own through their raffle. It was a great way to end the year for the Hawkeye Chapter.
We would like to thank all our sponsors for participating in the advertising below. The money from this advertising contributes directly to The AFS Hawkeye Chapter scholarship fund managed through The Foundry Education Foundation.
